- Lisa Milkavich- minute taker

Employee Council Members (3 out of 4 present)

- Whitney Anderson – Principal
- Michelle Smith – Vice Chair
- Karen Peterson- Tile 1 Rep

Other attendees: Tyler Horne- 6th grade math teacher

Absent: Erica Wood (parent), Penny Grave (parent) & Vanessa Jobe (employee)

Agenda Items:

(Due to guidelines established by the health department to address the Covid-19 pandemic, today's meeting was held remotely via teleconference.)

1. **Welcome**
2. **Review of minutes**
3. **What's going on? PTA updates:**
 - a. Science Fair – January 18th-21st, 5th & 6th graders, 4 parents needed to judge. At this time it is not clear if 4 parents will judge entries from all elementary schools/ district wide OR if Horizon needs 4 parents. **Ms. Kluse** will collect more information and inform the council.
 - b. Spelling Bee- 3rd thru 6th grade will hold spelling bee in each classroom. The 1st and 2nd place students from each class will qualify to move on to the school wide spelling bee (February 1st). <http://www.murrayspellingbee.com>
 - c. Horizon apparel- The 'apparel store' is open on-line horizonpta.new.memberhub.store/store
4. **Digital Citizenship:**
 - a. The draft for the digital citizenship was reviewed. Ms Milkavich asked if there were any additional needs for the dual immersion staff around digital citizenship. She was informed that all those needs are met through the state dual immersion training.
 - b. Ms. Smith asked if Utah Netsmart was still being used. It was stated that it had been changed to something else but it is not clear as to what at this time. **Ms. Anderson** will follow-up on this.
5. **LandTrust Plan:** Began reviewing current landtrust document and planning for revisions for 2021.

- a. Changes need to be made to reflect the correct number of school days (Covid days are different- **Ms. Anderson** will work on these changes.)
 - b. Goal #1- Will vote next meeting on how to allocate funds (for example- change funds from covering travel expenses to bonus for educational presentations to staff). Discuss around Horizon's PLCs and translation of knowledge through staff presentations.
 - c. Goal #2- RISE data not accessed this year. The RISE test was not administered last school year. Perhaps district bench marks are better indicators than RISE this school year. The Arcadian scores were significantly affected by Covid this school year. Perhaps Zearn and Lexia are best indicators this school year.
6. **Online/Hybrid students: Who are we losing and what can we do?** Did not discuss due to lack of time.
 7. **Pick-up/Drop-off (AM):** Did not discuss due to lack of time.
 8. **Questions/comments items for next meeting**
